

ITALIAN PREMIER DEFENDS RECORD

Socialist Resolution Censuring
Conduct Downed by Vote
of Confidence

ROME, Nov. 17.—Heated debate during which Premier Giolitti defended his political record and the policies of his government, preceded the vote of confidence given the cabinet in the chamber of deputies today. A socialist resolution censuring the government's internal policy was defeated 202 to 83.

Socialist deputies violently accused the premier of being a reactionary and a supporter of the nationalist followers of Captain Gabriele d'Annunzio in their opposition to the Socialists. The premier answered that his entire past was an entire denial of the accusation.

CONSIDERED RADICAL

"In 1919," he said, "I refused to dissolve the Sicilian unions which were the first serious Socialist manifestations in Italy in 1901 when I proclaimed the liberty to strike. All conservatives considered me a revolutionary much more dangerous than you Socialists. Believing in the political, economic and social coexistence of the proletariat I granted universal suffrage even before the Socialists asked for it. You, yourselves, do not believe I am a reactionary."

He commented his fiscal measures, none of which he asserted, placed a burden upon workers, but were directed at the very wealthy people of Italy.

"The profiteers," a Socialist deputy interrupted, "already have sent their money abroad."

"True," replied the premier, "but they did so before my advent to power."

Signor Giolitti contended he had suppressed every form of censorship and that in no country in the world was the press more at liberty than Italy. He asked if any government could have adopted a more impartial attitude toward the Italian metal workers.

"Relations between employers and men," he declared, "is the most important question before us. If we do not succeed in conciliating their interests, the country will witness economic phenomena of the gravest character."

"I have ordered the repression of all violence, regardless of which side favors it. No one can prove there is a freer country than Italy."

"There can be true liberty only when all live within the law," declared the premier.

SOVIETS BELIEVE EARLY RECOGNITION AT HAND

LONDON, Nov. 18.—A wireless dispatch received from Moscow, the seat of the Russian soviet government, says: "Wrangel's destruction will make a great impression on all the western countries. There is information that England is carrying on agitation in the United States in favor of a renewal of trade relations with soviet Russia. Foreign newspapers more and more frequently state that the American government will not place obstacles in the way of its capitalists trading with soviet Russia. There is no doubt that the western countries will be forced to recognize the soviet government."

CHINESE REBEL CHIEF ESCAPES

Jap Legation Criticized for
Delay in Reporting
Getaway

PEKING, Nov. 17.—(By the Associated Press.)—General Hsu Shu-Cheng, former commander of the Chinese frontier forces in Mongolia, and a leader of the Anti elements which have been opposing the government, is again at large. Notification of his escape from the Japanese legation here, where he took refuge late last summer, was sent by the Japanese minister to the Chinese foreign office November 15.

JAPS DELAYED NOTICE

Replying to the minister's notification of the escape, the foreign office called attention to the Japanese plenipotentiary's previous assurances that the Anti refugees in the legation would not be permitted to leave or communicate with the outside world. The foreign office requested that the remaining eight refugees in the legation be handed over to its custody. It was pointed out that there was a delay of two days after General Hsu's escape before notification of it, and criticism of this delay is voiced in the Chinese communication.

One of the local newspapers claims to have information that General Hsu left Peking in a Japanese uniform in company with several Japanese officers.

CAUSES ANXIETY

The Japanese minister, in his notification to the foreign office of the escape, said General Hsu had expressed a desire to leave the legation and would not be dissuaded by the minister's arguments. The minister declared he had no knowledge of how the general, who is popularly known as "Little Hsu," left the legation. Chinese authorities are greatly disturbed over the incident because of the alleged activity of the Anfuists, both at Urga, in Mongolia, and in southern China.

perity which is righteously shared. The tide of good fortune will ever flow and ebb, which is God's way of teaching us the changing tides.

GOOD FORTUNE FOR ALL

"No law can alter nature or change her varying moods. We haven't yet learned to combat destructive weather and the law of supply and demand is eternal. But we may soften their rigors and minimize their penalties. We want fortune a common possession in America. We want the cotton grower of the south to have his becoming reward with the wool grower and the wheat farmer of the north. We want southern factories to be tuned to the music of the mills of the north. We want your ports to send their cargoes under the American flag to bear the message of peace and good will to all parts of the earth. There is no sectionalism in righteous American ambitions. It is this wonderful and incomparable United States of America which gets our hearts aglow with becoming aspirations and patriotic love—the America of the constitution, free and confident of the morrow."

RUSSIAN OPERA SINGER ALLOWED SHORT FREEDOM

WASHINGTON, Nov. 18.—Temporary admittance to the United States was granted by the department of labor Wednesday to George Baklanoff, Russian baritone, of the Chicago Opera company, who on his arrival from Europe last Friday was detained at Ellis Island and ordered deported by a special board of inquiry. The respite from the deportation order will be for three months and was issued, the department said, to allow Baklanoff to fill his engagement with the Chicago Opera company and also to allow investigation of his case. Baklanoff was arrested in Chicago early in the year on complaint of Mlle. Elvira Amazar, a Russian soprano who charged that the baritone brought her to America on promise of marriage and that later she learned he had a wife and children in Russia.

ROBBERS STRIP RICH DIVORCEE

Woman Bound and Jewels
Torn Away by Bandits, She
Tells Police

NEW YORK, Nov. 18.—An extensive search was instituted Wednesday for three men who early Tuesday entered a fashionable residence in East Ninetieth street, bound and gagged Mrs. Charlotte King Palmer, wealthy divorcee, and her two servants, then escaped with jewels and furs valued by the family at \$500,000. There was \$14,000 insurance on the jewels, police said.

Before leaving Monday night to attend a reception at the home of Mrs. Sidney Drew, in Monmouth, N. J., Mrs. Palmer arranged with her servants that they would answer the door only when the bell rang twice, sharply.

STORY OF SERVANTS

Shortly after 9 o'clock, the servants told police, the bell rang twice, the signal arranged by Mrs. Palmer and they thought perhaps she had forgotten something. They answered the door. Clocks were thrown over their heads; the were bound and placed on a bed in Mrs. Palmer's room. Returning Tuesday morning after 1 o'clock Mrs. Palmer said she did not want to disturb the servants and used the night key to enter. When inside she noticed some disarrangement of furniture, she said, and rang for the butler. Three men, dressed similarly and wearing false moustaches and wigs, answered. They told her the house was in danger of being robbed, she said, but she tried to pass them and was pushed back.

ENCOUNTERS ROBBERS

At the Drew reception, Mrs. Palmer wore a pearl necklace valued by her at \$400,000, and two diamond bracelets. She darted past the men, tripped, fell and was unable to rise. She tore her necklace and the pearls ran over the floor. Her bracelets she thrust into the bosom of her evening gown.

The men carried her to her room. After they had picked up the scattered pearls, she said, they returned, bound her, then took the jewels from her fingers and the bracelets she had secreted in her dress.

Proceeding leisurely, Mrs. Palmer said, the men ransacked the house and did not leave until 7:30 o'clock Tuesday morning. Soon after the burglars loosened his bonds, freed the maid and his mistress and called physicians and the police.

CUBAN OUTHITS RUTH IN GAMES AT HAVANA

HAVANA, Nov. 18.—During the series of baseball games played by the New York Giants in this city, Babe Ruth, the champion home-run hitter, compiled a batting average of .346, but managed to hit only twice for the circuit. He struck out six times. Torriente, a member of a team which met the Giants last week, eclipsed the efforts of Ruth by hitting three homers in one game. As a result of this feat, he has been named by local lovers of baseball as the "Babe Ruth of Cuba."

TURKS CALL RUSSIA WARDEN OF THE ORIENT

He asserts the Pan-Islamic movement is directed against the "imperialist oppressors of Moslems."

CLOTHING DEALERS SEE MUCH BRIGHTER FUTURE

CHICAGO, Nov. 18.—Clothing prices are on a stable basis, according to a statement issued last night by the board of directors of the National Association of Retail Clothiers.

"Readjustment of prices had well run its course," the statement said. "The retail merchant has passed to the consumer price concessions that would have been delayed several

months if the ordinary processes of trade trend were followed.

"With continued public confidence and favorable weather conditions clothing stocks in the main will be well liquidated by the end of the season. The future of the industry is much brighter than at any time during the readjustment period."
